reimbursement insurance policy, the registration of the service contractors whose service contracts are covered
thereby shall be automatically suspended, unless the affected service contractors have filed with the director,
prior to the date of the termination or cancellation of the service contract reimbursement insurance policy, a new
service contract reimbursement insurance policy or otherwise meet one of the requirements of Section 9855.2.
Upon receipt of a written request from the service contractor, the director may delay the suspension of a service
contractor's registration for no more than 60 days. Following the automatic suspension, an administrative

   (4) (A) In addition to requesting a hearing as provided for herein, the service contractor may request a citation review conference with the director or his or her designee regarding the acts charged in the citation. At the conclusion of the citation review conference, the director or his or her designee shall state, in writing, the reasons for his or her action and transmit a copy of his or her findings and decision to the service contractor.
   (5) The failure of a service contractor to pay a fine within 30 days of the date of assessment, unless the citation is being appealed, may result in disciplinary action being taken by the director. Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the registration. A registration shall not be renewed without payment of the renewal fee and fine.
   (c) Where a citation includes an administrative fine, it shall be issued in accordance with the following procedures:
      (1) For the first citation, the director may assess an administrative fine of not less than one hundred dollars ($100) but not more than five hundred dollars ($500).

(1) Class "A" violations are violations which the Chief has determined involve a person who, while operating as a service dealer, has violated a statute or regulation relating to the repair or installation of equipment as provided for in the Act and which either has caused (1) the death of or bodily injury to another person or (2) fire damage to property or (3) a person who has committed a class "B" violation and has three or more prior separate class "B" violations within the 36 month period immediately preceding the act serving as the basis for the citation, without regard to whether the actions to enforce the previous citations have become final. However, the increase in the civil penalty required by this paragraph shall not be due and payable unless and until the previous actions have been terminated in favor of the bureau. A class "A" violation is subject to a civil penalty in the amount of not less than seven hundred fifty dollars ($750) and not exceeding two thousand five hundred dollars ($2,500) for each and every violation.

(2) Class "B" violations are violations which the Chief has determined involve either (1) a person who, while operating as a service dealer, has violated a statute or a regulation relating to the repair or installation of equipment, as provided for in the Act and which caused damage, other than death or fire damage or bodily harm or (2) a person who has committed a class "C" violation and has three or more prior separate class "C" violations which have been terminated in favor of the bureau within the 36 month period immediately preceding the act serving as the basis for the citation without regard to whether the actions to enforce the previous citations have become final. However, the increase in the civil penalty required by this paragraph shall not be due and payable unless and until the previous actions have been terminated in favor of the bureau. A class "B" violation is subject to a civil penalty in the amount not less than two hundred fifty dollars ($250) and not exceeding seven hundred fifty dollars ($750) for each and every violation.

(3) Class "C" violations are violations which the Chief has determined involve a person who, while operating as a service dealer has violated a statute or regulation relating to the repair or installation of equipment provided for in the Act and which has caused neither property nor monetary damage or bodily harm. A class "C" violation is subject to a civil penalty in the amount of not less than fifty dollars ($50) and not exceeding two hundred fifty dollars ($250) for each and every violation.

(c) In assessing the amount of a civil penalty, the Chief shall consider the following criteria:
   1. The good or bad faith exhibited by the cited person.
   2. The nature and severity of the violation.
   3. Evidence that the violation was willful.
   4. History of previous violations.
   5. The extent to which the cited person has cooperated with the bureau's investigation.
   6. The extent to which the cited person has mitigated or attempted to mitigate any loss caused by his/her violation.
   7. The extent of consumer injury which is a direct and proximate result of the violation.
   8. Such other matters as justice may require.

(d) If a cited person who has been issued an order of abatement is unable to complete the correction within the time set forth in the citation because of conditions beyond his or her control after the exercise of reasonable diligence, the person cited may request an extension of time from the Chief in which to complete the correction. Such a request shall be in writing.

(e) When an order of abatement is not contested or if the order is appealed and the person cited does not prevail, failure to abate the violation charged within the time allowed shall constitute a violation and failure to comply with the order of abatement. The time allowed for the abatement of a violation shall begin when the order of abatement is final and has been served. Such failure may result in disciplinary action being taken by the bureau or other appropriate judicial or regulatory relief being taken against the person cited.

(f) The Chief is authorized to issue citations containing orders of abatement and fines against persons, partnerships, corporations or associations who are performing or who have performed services for which registration is required by the Code. Each citation issued shall contain an order of abatement. Where appropriate the Chief shall levy a fine for such unlicensed activity in accordance with subdivision (b)(3) of Section 125.9 of the Code. The provisions of this section shall apply to the issuance of citations for unlicensed
activity under this subsection. The sanction authorized under this section shall be separate from and in addition to any other civil or criminal remedies.

2772. Contest of Citations, Citation Review Conference

(a) In addition to requesting a hearing provided for in subdivision (b)(4) of Section 125.9 of the Code, the person cited may, within ten (10) days after service of the citation, notify the Chief in writing of his or her request for a citation review conference with the Chief or his or her designee regarding the acts charged in the citation.

(b) The Chief or his or her designee shall hold, within 30 days from the receipt of the request, a citation review conference with the person cited or his or her legal counsel or authorized representative. At the conclusion of the citation review conference the Chief or his or her designee may affirm, modify or dismiss the citation, including any fine levied or order of abatement issued. The Chief or his or her designee shall state in writing the reasons for his or her action and transmit a copy of his or her findings and decision to the person cited. This decision shall be deemed to be a final order with regard to the citation issued, including the fine levied and the order of abatement.

(c) The person cited does not waive his or her right to request a hearing to contest a citation by requesting a citation review conference after which the citation is affirmed by the Chief or his or her designee. If the citation, including any fine levied or order of abatement, is modified, the citation originally issued shall be considered withdrawn and new citation issued. If a hearing is requested for the subsequent citation, it shall be requested within 30 days in accordance with subdivision (b)(4) of Section 125.9.

2775. Disciplinary Guidelines

In reaching a decision on a disciplinary action under the Administrative Procedure Act (Government Code Section 11400 et seq.), the bureau shall consider the disciplinary guidelines entitled “Bureau of Household Goods and Services, Electronic and Appliance Repair Disciplinary Guidelines (January 2019)” which are hereby incorporated by reference. Deviation from these guidelines and orders, including the standard terms of probation, is appropriate where the bureau in its sole discretion determines that the facts of the particular case warrant such deviation - for example: the presence of mitigating factors; the age of the case; evidentiary problems.

BUREAU OF HOUSEHOLD GOODS AND SERVICES

Electronic and Appliance Repair
Disciplinary Guidelines

Adopted June 1997
Revised for agency name change (SB 1483) January 2019
Guidelines for Disciplinary Penalties and Terms of Probation

The Bureau recognizes that these penalties and conditions of probation are guidelines, and that each disciplinary case must be assessed individually. If individual circumstances exist that justify omissions or deviations from these guidelines, the Bureau asks that these be explained by the Administrative Law Judge hearing the case. This will help the Bureau to better evaluate proposed decisions and to make decisions that accurately reflect the facts of each specific disciplinary matter. Should a probationary period be part of a proposed decision, the Bureau requests that the Administrative Law Judge impose the “Standard Terms and Conditions of Probation” in all disciplinary matters and the “Special Term and Condition of Probation for False and Misleading Advertising Violations,” as appropriate. These terms and conditions are intended to protect the public from continued illegal behavior and to facilitate the rehabilitation of the probationer without being unduly burdensome or anti-competitive.

FACTORS IN AGGRAVATION AND IN MITIGATION

The Bureau normally submits cases for the filing of an accusation based on investigations and the use of undercover equipment operations in order to detect and document violations of the Electronic and Appliance Dealer Law.

In determining the proper penalty within the suggested ranges, the following factors should be considered:

A. FACTORS IN AGGRAVATION
   1. Prior warnings from the Bureau;
   2. Prior Notices of Violations;
   3. Prior Office Conferences with the Bureau;
   4. Prior adverse inspection reports;
   5. Prior demonstrations of incompetence;
   6. Prior history of citations;
   7. Prior history of formal disciplinary action;
   8. Failure to permit Bureau inspection of records;
   9. Attempts to intimidate consumer;
   10. Negligent or willfully improper repair work that endangers consumer;
   11. Evidence the unlawful act was part of a pattern of practice;
   12. Failure to comply with a Bureau request for corrective action;
   13. Currently on probation for improper acts;
   14. Failure to successfully complete prior period of probation;
   15. Failure to pay court judgment to victim;
   16. Violation of previous court order; and
   17. Any other conduct with constitutes fraud or gross negligence.

B. FACTORS IN MITIGATION
   1. Evidence that respondent accepted and complied with Bureau suggested resolution to consumer complaint;
   2. Evidence of voluntary participation in program for self or employees relating to compliance with Bureau laws and regulations;
   3. Evidence of voluntary purchase and use of equipment and to bring respondent’s business into compliance;
   4. Evidence of resolution of all consumer complaints with a subsequent change in business practice; and
   5. Evidence of internal control or audit designed to eliminate errors.

1722. Retail sale and delivery, and service or repair transactions; time of delivery, service or repair; damages for failure to deliver or to commence service or repair; cable television; utilities; void contracts

(a) (1) Whenever a contract is entered into between a consumer and a retailer with 25 or more employees relating to the sale of merchandise which is to be delivered by the retailer or the retailer's agent to the consumer at a later date, and the parties have agreed that the presence of the consumer is required at the time of delivery, the retailer and the consumer shall agree, either at the time of the sale or at a later date prior to the delivery date, on a four-hour time period within which any delivery shall be made. Whenever a contract is entered into between a consumer and a retailer with 25 or more employees for service or repair of merchandise, whether or not the merchandise was sold by the retailer to the consumer, and the parties have agreed that the presence of the consumer is required at the time of service or repair, upon receipt of a request for service or repair under the contract, the retailer and the consumer shall agree, prior to the date of service or repair, on a four-hour period within which the service or repair shall be commenced. Once a delivery, service, or repair time is established, the retailer or the retailer's agent shall deliver the merchandise to the consumer, or commence service or repair of the merchandise, within that four-hour period.

(2) If the merchandise is not delivered, or service or repair are not commenced, within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the retailer, the consumer may bring an action in small claims court against the retailer for lost wages, expenses actually incurred, or other actual damages not exceeding a total of six hundred dollars ($600).

(3) No action shall be considered valid if the consumer was not present at the time, within the specified period, when the retailer or the retailer's agent attempted to make the delivery, service, or repairs or made a diligent attempt to notify the consumer by telephone or in person of its inability to do so because of unforeseen or unavoidable occurrences beyond its control. If notification is by telephone, the retailer or the retailer’s agent shall leave a telephone number for a return telephone call by the consumer to the retailer or its agent, to enable the consumer to arrange a new two-hour period for delivery, service, or repair with the retailer or the retailer’s agent.

(4) In any small claims action, logs and other business records maintained by the retailer or the retailer's agent in the ordinary course of business shall be prima facie evidence of the time period specified for the delivery, service, or repairs and of the time when the merchandise was delivered, or of a diligent attempt by the retailer or the retailer's agent to notify the consumer of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the consumer of the delay caused by unforeseen or unavoidable occurrences beyond the control of the retailer or the retailer's agent, or the retailer or the retailer's agent was unable to notify the consumer of the delay because of the consumer's absence or unavailability during the four-hour period, and, in either instance, the retailer or the retailer's agent makes the delivery, service, or repairs within two hours of a newly agreed upon time or, if the consumer unreasonably declines to arrange a new time for the delivery, service, or repairs.

(b) (1) Cable television companies shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair. Whenever a subscriber contracts with a cable television company for a service connection or repair which is to take place at a later date, and the parties have agreed that the presence of the subscriber is required, the cable company and the subscriber shall agree, prior to the date of service connection or repair, on the time for the commencement of the four-hour period for the service connection or repair.

(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the company, the subscriber may bring an action in small claims court against the company for lost wages, expenses actually incurred or other actual damages not exceeding a total of six hundred dollars ($600).
(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the company attempted to make the service connection or repair or made a diligent attempt to notify the subscriber by telephone or in person of its inability to do so because of unforeseen or unavoidable occurrences beyond its control. If notification is by telephone, the cable television company or its agent shall leave a telephone number for a return telephone call by the subscriber to the company or its agent, to enable the consumer to arrange a new two-hour period for service connection or repair.

(4) In any small claims action, logs and other business records maintained by the company or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and the time that the company or its agents attempted to make the service connection or repair, or of a diligent attempt by the company to notify the subscriber in person or by telephone of a delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the subscriber of a delay caused by unforeseen or unavoidable occurrences beyond the control of the company or its agents, or the company or its agents were unable to notify the subscriber because of the subscriber's absence or unavailability during the four-hour period, and, in either instance, the cable television company commenced service or repairs within a newly agreed upon two-hour period.

(6) No action shall be considered valid against a cable television company pursuant to this section when the franchise or any local ordinance provides the subscriber with a remedy for a delay in commencement of a service connection or repair and the subscriber has elected to pursue that remedy. If a subscriber elects to pursue his or her remedies against a cable television company under this section, the franchising or state or local licensing authority shall be barred from imposing any fine, penalty, or other sanction against the company, arising out of the same incident.

(c) (1) Utilities shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair. (2) If the service connection or repair is not commenced within the four-hour period provided under paragraph (1) or another period otherwise agreed to by the utility and the subscriber, except for delays caused by unforeseen or unavoidable circumstances beyond the control of the utility, the subscriber may bring an action in small claims court against the utility for lost wages, expenses actually incurred, or other actual damages not exceeding a total of six hundred dollars ($600).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the utility attempted to make the service connection or repair or made a diligent attempt to notify the subscriber by telephone or in person of its inability to do so because of unforeseen or unavoidable occurrences beyond its control. If notification is by telephone, the utility or its agent shall leave a telephone number for a return telephone call by the subscriber to the utility or its agent, to enable the consumer to arrange a new two-hour period for service connection or repair.

(4) In any small claims action, logs and other business records maintained by the utility or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and of the time that the utility attempted to make the service connection or repair, or of a diligent attempt by a utility to notify the subscriber in person or by telephone of a delay caused by unforeseen or unavoidable occurrences.

(5) It shall be defense to the action if a diligent attempt was made by the utility to notify the subscriber of a delay caused by unforeseen or unavoidable occurrences beyond the control of the utility, and the utility commenced service within a newly agreed upon two-hour period.

(d) Any provision of a delivery, service, or repair contract in which the consumer or subscriber agrees to modify or waive any of the rights afforded by this section is void as contrary to public policy.

If a service contract for a home appliance or a home electronic product is sold by means of a telephone solicitation, the seller may elect to satisfy the requirements of this paragraph by mailing or delivering the contract to the buyer not later than 30 days after the date of the sale of the contract.

(3) The contract is applicable only to items, costs, and time periods not covered by the express warranty. However, a service contract may run concurrently with or overlap an express warranty if (A) the contract covers items or costs not covered by the express warranty or (B) the contract provides relief to the purchaser not available under the express warranty, such as automatic replacement of a product where the express warranty only provides for repair.

(4) The contract shall be cancelable by the purchaser under the following conditions:

(A) Unless the contract provides for a longer period, within the first 60 days after receipt of the contract, or with respect to a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, within the first 30 days after receipt of the contract, the full amount paid shall be refunded by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract, and if no claims have been made against the contract. If a claim has been made against the contract either within the first 60 days after receipt of the contract, or with respect to a used motor vehicle without manufacturer warranties, home appliance, or home electronic product, within the first 30 days after receipt of the contract, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage or the retail value of any service performed, at the seller’s option as indicated in the contract, or for a vehicle service contract at the obligor’s option as determined at the time of cancellation, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract.

(B) Unless the contract provides for a longer period for obtaining a full refund, after the first 60 days after receipt of the contract, or with respect to a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, after the first 30 days after the receipt of the contract, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage or the retail value of any service performed, at the seller’s option as indicated in the contract, or for a vehicle service contract at the obligor’s option as determined at the time of cancellation, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract. In addition, the seller may assess a cancellation or administrative fee, not to exceed 10 percent of the price of the service contract or twenty-five dollars ($25), whichever is less.
(C) If the purchase of the service contract was financed, the seller may make the refund payable to the purchaser, the assignee, or lender of record, or both.

(b) Nothing in this section shall apply to a home protection plan that is issued by a home protection company which is subject to Part 7 (commencing with Section 12740) of Division 2 of the Insurance Code.

(c) If any provision of this section conflicts with any provision of Part 8 (commencing with Section 12800) of Division 2 of the Insurance Code, the provision of the Insurance Code shall apply instead of this section.

1794.45. Information Regarding Service Contract Terms and Conditions

(a) A retailer that sells a service contract pursuant to Section 1794.4 shall do either of the following during the period that the service contract is in effect:

(1) Maintain contract information that includes a description of the terms and conditions of the service contract, and provide that information to the purchaser of the service contract or other beneficiary upon request.

(2) Upon request from the purchaser of the service contract or other beneficiary, obtain a copy of the service contract, and provide that copy to the requester within 10 business days after receiving the request.
