General Provisions

19000. This chapter may be cited as the Home Furnishings and Thermal Insulation Act.

19001. Unless the context otherwise requires, the general provisions hereinafter set forth govern the construction of this chapter.

19002. "Person" includes individual, copartnership, association, firm, auctioneer, trust, and corporation, and the agents, servants and employees of any of them.

19003. "Sell," or any of its variants, includes any of, or any combination of, the following: Sell, offer or expose for sale, barter, trade, deliver, give away, rent, consign, lease, possess with an intent to sell or dispose of in any other commercial manner.

19004. (a) "Bureau" refers to the Bureau of Household Goods and Services, as established in Section 9810.

(c) "Inspector" refers to an inspector either employed by, or under contract to, the bureau.
(d) "Director" refers to the Director of Consumer Affairs.
(e) "Department" refers to the Department of Consumer Affairs.

19004.1. Protection of the public shall be the highest priority for the Bureau of Household Goods and Services in exercising its licensing, regulatory, and disciplinary functions under this chapter. Whenever the protection of the public is inconsistent with other interests sought to be promoted, the protection of the public shall be paramount.

19006. "Upholstered furniture" means any furniture, including children's furniture, movable or stationary, which is made or sold with cushions or pillows, loose or attached, or is itself stuffed or filled in whole or in part with any material, is or can be stuffed or filled in whole or in part with any substance or material, hidden or concealed by fabric or any other covering, including cushions or pillows belonging to or forming a part thereof, together with the structural units, the filling material and its container and its covering which can be used as a support for the body of a human being, or his or her limbs and feet when sitting or resting in an upright or reclining position. This does not include furniture used exclusively for the purpose of physical fitness and exercise.

19006.1. "Seating furniture," including children's furniture, movable or stationary, means any furniture, which is made or sold with or without filling material, together with the structural units, which may be used as a support for the body, limbs, or feet when sitting or resting in an upright or reclining position.

19007. "Bedding" means any quilted pad, packing pad, mattress pad, hammock pad, mattress, comforter, quilt, sleeping bag, box spring, studio couch, pillow or cushion made of leather, cloth or any other material, which is or can be stuffed or filled in whole or in part with any concealed substance or material, which can be used by any human being for sleeping or reclining purposes.

19007.5. "Filling material" means cotton, wool, kapok, feathers, downs, hair, liquid, or any other material, substance, or any combination thereof, loose or in batting, pads, or any other prefabricated form, concealed or not concealed to be used or that could be used in articles of bedding or upholstered furniture.

19008. "Secondhand" means any materials or articles used in the construction of bedding or upholstered furniture that have been previously used for any purpose, and shall include "sweepings" which are wastes recovered from gins, furniture and bedding factories, textile plants, or establishments using fibers or other materials. Manufacturing processes shall not be considered previous use, and new materials that are free from dirt or other contamination shall not be classified as sweepings.
19008.1. "Used" means furniture or bedding that has been previously owned or used by another individual.

19008.2. "Antique" means furniture having special value because of its age, especially a work of art or handicraft that is over 100 years old.

19008.5. Any article of upholstered furniture or bedding is secondhand if it contains any secondhand material in whole or in part.

19008.6. Any article of upholstered furniture or bedding on sales floors in a private residence or room, which is not separated from living quarters, is secondhand.

19009. "Retailer" means a person who sells any article of upholstered furniture or bedding or filling materials to a consumer or user of the article as purchased.

19010. "Bedding renovator" means a person who rebuilds, repairs, makes over, re-covers, restores, renovates or renews bedding.

19010.1. "Custom upholsterer" means a person who, either by himself or herself or through employees or agents, repairs, reupholsters, re-covers, restores, or renews upholstered furniture, or who makes to order and specification of the user any article of upholstered furniture, using either new materials or owner's materials.

19010.5. "Wholesaler" means a person who, on his or her own account, sells any article of upholstered furniture or bedding or filling materials to another for the purpose of resale, but shall not include an affiliate or a subsidiary where the ownership and name are identical, and that is the exclusive sales outlet of a manufacturer.

19011. "Manufacturer" means a person who, either by himself or herself or through employees or agents, makes any article of upholstered furniture or bedding in whole or in part, or who does the upholstery or covering of any unit thereof, using either new or secondhand material. "Manufacturer" does not, however, include a "custom upholsterer," as defined in Section 19010.1.

19011.1. "Importer" means a person who manufactures or wholesales, through employees or agents, any article of upholstered furniture, bedding, or filling material manufactured outside of the United States for the purpose of sale or resale in California.

19012. "Supply dealer" means a person who manufactures, processes or sells any felt, batting, pads, woven or plastic fabrics, or loose material in bags or containers, concealed or not concealed, to be used or that could be used in articles of upholstered furniture or bedding.

19012.5. "Sanitizer" means a person who sanitizes articles of bedding or filling materials.

19014. "Branch" means any subordinate establishment situated apart from the parent house, maintaining a separate service to the trade.

19015. "Slip seat" means the separate padded seat unit consisting of a plywood or similar base with its filling material and attached cover, which is used on chairs, benches, stools or similar articles, attached with screws or in any other manner.

19016. "Slip cover" means any casing or cover without filling material which is to be placed, on or over any completely manufactured article of upholstered furniture or bedding, and which is not permanently attached by tacking, sewing, or in any other manner.

19016.5. A person engaged exclusively in the manufacture of slip covers shall not be required to have a license under the provisions of this chapter.
19017. "Owner's material" means any article or material belonging to a person for his or her own, or tenant's use, that is sent to any manufacturer, bedding renovator, or custom upholsterer to be repaired or renovated, or used in repairing or renovating.

19018. "Approved testing laboratory" means any testing facility which is determined by rule and regulation of the bureau to have adequate personnel, facilities, equipment, and expertise to carry out the testing required by this article. Testing of insulation material by the manufacturer in his or her own approved testing laboratory or in an approved independent testing laboratory under contract to the manufacturer may be utilized in the initial certification process and the continued maintenance of certifications.

19019. "Insulation material" means any material or combination of materials applied or installed within or contiguous to a roof, wall, ceiling, or floor of a building or structure, or contiguous to the surface of any appliance or its intake or out take mechanism, for the purpose of reducing heat transfer and thus energy requirements for heating and cooling or reducing adverse temperature fluctuations of the building, room, appliance, or structure.

19020. "R-value" means a measure of thermal resistance of material or composite materials. "R-value" is equal to the reciprocal of the conductance of a given material, or where the conductance of the material is: Btu (hour x square foot x Fahrenheit degree average temperature difference between two surfaces).

\[
R-value = \frac{1}{\text{conductance of the material}}
\]

19021. "Quality assurance program" means a system of procedures employed at the place of manufacture of insulation material designed to assure that insulation material produced at that place continues to meet the standards established by the bureau pursuant to this chapter. The program shall include, without limitation, regular periodic testing by an approved testing laboratory.

19022. (a) An "insulation manufacturer" is any person who produces insulation materials or a combination of materials which, when properly applied or installed without any alteration, dilution, or modification so as to affect the thermal or physical properties, performance, or intended use as supplied by the manufacturer, retards the transfer of heat or cold. "Insulation manufacturer" also includes any person who produces finished products whose function is insulation, including, but not limited to, insulated roof and wall panels, insulation kits, pipe insulation, flexible insulated ducting, spray applied insulation systems, or other similar material.

(b) Anyone who alters, substitutes, or recompounds any insulation product or material shall be considered to be the manufacturer of that particular insulation product.

(c) Any applicator, contractor, or fabricator of insulation materials, who installs, applies, or uses insulation materials for their intended use, without changing the thermal or physical properties of the insulation material, shall not be considered an insulation manufacturer, provided that the manufacturer of the insulation material has been licensed in accordance with this chapter.

(d) As used in subdivision (b), "alteration," "substitution," or "recompounding" includes:
   (1) The attachment of facings or vapor barriers, including, but not limited to, plastic, metal, felt, paper, or other similar materials.
   (2) The compression, expansion, or reshaping of insulation materials.
   (3) The addition of, or mixing with, adhesives.
   (4) In the case of spray applied or foamed in place insulation, any addition to, substitution of, or deletion from, the chemical system provided by the insulation manufacturers.

(e) This chapter does not apply to the attaching of fiberglass insulation to metal duct work by a licensed contractor using industry-accepted adhesives and metal pins.

**Article 2. Administration**

19030. Any reference in California law to the Bureau of Home Furnishings or to the Bureau of Home Furnishings and Thermal Insulation shall be deemed to refer to the Bureau of Household Goods and Services.

A person shall not, at wholesale, retail, or otherwise, directly or indirectly, make, rebuild, repair, renovate, process, prepare, sell, offer for sale, display, or deliver any article of upholstered furniture or bedding, or any filling materials in prefabricated form or loose in bags or containers, unless the article or material is plainly and indelibly labeled. This does not include furniture used exclusively for the purpose of physical fitness and exercise.

19081. The form and size of labels, the fabric of which they are made and the wording and statements thereon necessary to carry out the provisions of this chapter, shall be approved by the chief.

19082. A rubber stamp may be used in lieu of a label, on articles with slip seats having a smooth backing on which the imprint can be legibly and indelibly stamped.

19083. Labels shall be securely attached to the article or filling material at the factory, in a position where they can be conveniently examined.

19084. The information required by this chapter shall be printed on one side of the label only.

19085. Labels shall contain no advertising matter nor anything that detracts, or is likely to detract from the required statements.

19086. No mark, tag, sticker or any other device shall be placed upon labels by any dealer or any other person in such a way as to cover the required statements.

19088. It is unlawful to use, in the description of filling material, or in the statement on any label, any misleading term or designation or any term or designation likely to mislead.

19089. The bureau may establish grades, specifications and tolerances for the kinds and qualities of materials which are used or intended to be used in the manufacture, repair or renovation of upholstered furniture, bedding or filling materials, and may approve or adopt designations and rules which are not in conflict with any provisions of this chapter, for the labeling of articles filled with these materials.

19089.3. All bedding with liquid filling material and each component part of such bedding shall be clearly labeled in a manner approved by the chief.

19089.5. Any upholstered furniture or mattress that is made from or contains nonflame retardant cellular foam shall be labeled in a manner approved by the chief. On and after January 1, 2004, all bedding that is made from or contains nonflame retardant cellular foam shall also be labeled in a manner approved by the chief. Notwithstanding the provisions of this section, no label is required for a product that complies with the regulations required by Section 19161 or with applicable federal flammability regulations.

19092. The repairer or renovator of any secondhand upholstered furniture or bedding which is subsequently sold, shall affix the "Secondhand Material" label.

19093. Any person who repairs or renovates upholstered furniture or bedding for the owner for his or her own or a tenant's use, shall affix the "Owner's Material" label, which shall be attached to the article before delivery to the owner.
For the purposes of this section, the following definitions shall apply:

* The term “Dispersability” is misspelled in Senate Bill 1019. The correct spelling is “Dispersibility”.
“The upholstery materials in this product:

_____ contain added flame retardant chemicals

_____ contain NO added flame retardant chemicals

The State of California has updated the flammability standard and determined that the fire safety requirements for this product can be met without adding flame retardant chemicals. The state has identified many flame retardant chemicals as being known to, or strongly suspected of, adversely impacting human health or development.”

A manufacturer of covered products shall indicate the absence or presence of added flame retardant chemicals by placing an “X” in one of the appropriate blanks.

These fines shall replace any other fines in this article for a violation of the documentation requirements of this section. This subparagraph does not alter or amend any other penalty otherwise imposed by this article.

(C) A manufacturer of covered products and component suppliers shall be jointly and severally liable for violations of the documentation required in this section.

(D) (i) The bureau shall provide the Department of Toxic Substances Control with a selection of samples from covered products marked “contain NO added flame retardant chemicals” for testing for the presence of added flame retardant chemicals. The samples shall be from the components identified in paragraph (1) of subdivision (a). The bureau shall select samples based on consultation with the department, taking into account a range of manufacturers and types of covered products. The bureau and the department shall consult on the tests to be conducted by the department. The department shall provide the results of any completed test to the bureau. The bureau shall reimburse the department for the cost of testing for the presence of added flame retardant chemicals in covered products marked “contain NO added flame retardant chemicals”.

(E) (i) If the department’s testing shows that a covered product labeled as “contain NO added flame retardant chemicals” is mislabeled because it contains added flame retardant chemicals, the bureau may assess fines for violations against manufacturers of the covered product and component manufacturers to be held jointly and severally liable for the violation.

(ii) A fine for a violation of this subparagraph relating to mislabeling shall be assessed in accordance with the factors described in subdivision (d) and the following schedule:

(I) The fine for the first violation shall be not less than one thousand dollars ($1,000) but not more than two thousand five hundred dollars ($2,500).

(II) The fine for the second violation shall be not less than two thousand five hundred dollars ($2,500) but not more than five thousand dollars ($5,000).

(IV) The fine for any subsequent violation shall be not less than seven thousand five hundred dollars ($7,500) but not more than ten thousand dollars ($10,000).

(iii) The fines in clause (ii) shall replace any other fines in this article for a violation of the testing requirements of this section. This clause does not alter or amend any other penalty otherwise imposed by this article.

(iv) If the department’s testing shows that a covered product labeled as “contain NO added flame retardant chemicals” is mislabeled because it contains added flame retardant chemicals, in addition to a fine or any other request, the bureau may request that the label required by subdivision (b) for covered products that belong to the same stock keeping unit (SKU) currently produced by the manufacturer be corrected to reflect that flame retardant chemicals are added to the covered product.

(v) If the department’s testing shows that a covered product labeled as “contain NO added flame retardant chemicals” is mislabeled because it contains added flame retardant chemicals, in addition to a fine or any other request, the bureau may request additional testing of more products belonging to the same stock keeping unit (SKU) at the manufacturer’s expense to verify the accuracy of the label required by subdivision (b) for covered products if the manufacturer wishes to retain the “contain NO added flame retardant chemicals” designation on the label required by subdivision (b).

(d) (1) The bureau shall make information about any citation issued pursuant to this section available to the public on its Internet Web site.

(2) In determining the amount of the fine for violations of this section, the bureau shall consider the following factors:

(i) In multiples of ten dollars ($10) in the case of penalties less than or equal to one hundred dollars ($100).

(ii) In multiples of one hundred dollars ($100) in the case of penalties greater than one hundred dollars ($100) but less than or equal to one thousand dollars ($1,000).

(iii) In multiples of one thousand dollars ($1,000) in the case of penalties greater than one thousand dollars ($1,000).

(4) It shall be the duty of the bureau to receive complaints from consumers concerning covered products sold in California.

(e) The bureau may adopt regulations pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) to carry out this section.

Article 6.
Sanitization

19120. The enforcement of all sanitization regulations pertaining to any article subject to this chapter is vested in the bureau. The bureau shall consult with the State Department of Health Services on any changes to the sanitization requirements.

19121. Filthy or soiled articles of new or used bedding cannot be sold, offered or exposed for sale unless the fabric covering them is either properly cleaned or replaced by a new covering and then subjected to sanitization as provided for in this chapter.

19122. A person shall not engage in the business of sanitizing any article of bedding or filling material, provided for in this chapter, without first having his or her sanitization equipment tested and approved by the bureau.

19122.5. Periodic tests and inspections shall be made by an authorized representative of the bureau, to determine whether or not the equipment and procedures used, comply with the requirements of the sanitization regulations.

19123. The provisions of this article apply only to persons subject to the license provisions of this chapter.

19123.4. Newly manufactured articles of bedding that contain any secondhand filling material shall be sanitized before they are offered or exposed for sale.

19123.5. Every article of bedding and all filling material, repaired or renovated for resale or repaired or renovated for an owner but subsequently offered for sale shall be sanitized before being offered or exposed for sale.

19123.6. Every article of bedding to which any secondhand material has been added in the process of repairing, shall be sanitized in accordance with the provisions of the sanitization regulations.

19124. Every person who receives for sanitization any bedding filling material shall sanitize all those articles and material in accordance with the sanitization regulations.

19124.5. Every person who sanitizes any bedding or filling material shall affix a sanitization label to the article or material in the manner prescribed by the bureau.

19127. The form, size and color of sanitization labels, and the material of which they are made shall be approved by the chief and as provided in the Label Regulations.
DEPARTMENT OF CONSUMER AFFAIRS
BUREAU OF HOUSEHOLD GOODS AND SERVICES

19127.5. Sanitization labels shall be sold only to sanitizers licensed under this chapter. Illegal possession of any sanitization label is a violation of this chapter. Void or mutilated labels shall be returned to the bureau.

19127.6. The sanitizer shall keep a record of all data and show the disposition of every label as required in the sanitization regulations. The records shall be accessible at all reasonable times to the chief and the inspectors.

19129. Secondhand or used bedding and any secondhand or used article that can be used for sleeping purposes shall be sanitized under the provisions of this chapter before being sold.

19131. Every article of bedding from any private or public hospital, jail or other institution, or which has been used by any person, suffering from an infectious or contagious disease, shall be sanitized before it is repaired or renovated.

19132. New or sanitized articles of bedding or materials shall at all times be kept separate from any secondhand or used articles or materials that are unsanitized.

Article 7. Regulations

19150. Every person who falsely advertises or misrepresents in any way any merchandise coming under the provisions of this chapter either directly or indirectly by any medium of advertising, including false statements made on the recognized California State labels or any other label or tag attached to the merchandise in question, is guilty of a violation of this chapter.

19151. No person licensed under this chapter shall advertise an article of upholstered furniture or bedding, or any part thereof, including, but not limited to, headboards, footboards, or frames of beds, using in such advertisement an illustration of an article that is not the article advertised unless the illustration is coupled with a statement that the article advertised is not as illustrated, the statement to be printed in type of at least nine-point bold caps or the equivalent thereto.

19152. No unconditional guaranty or replacement without charge relating to the quality of an article of upholstered furniture or bedding given by a person licensed under this chapter to a purchaser of such upholstered furniture or bedding shall exceed a period of five years from the date of sale.

This section does not preclude the offering of a warranty which would allow for a schedule of replacement charges based on period of use.

19158. Every person, upon receiving upholstered furniture or bedding for repairing or renovating shall securely affix, immediately, a tag of identification showing the owner's or dealer's name, address and the date upon which it was received. The tag shall remain affixed until the article is in the process of repair or renovation.

19160. The premises, delivery equipment, machinery, appliances and devices of all persons licensed under this chapter shall at all times be kept free from refuse, dirt contamination, insects or vermin.

19161. (a) All mattresses and mattress sets manufactured for sale in this state shall be fire retardant. “Fire retardant,” as used in this section, means a product that meets the standards for resistance to open-flame test adopted by the United States Consumer Product Safety Commission and set forth in Section 1633 and following of Title 16 of the Code of Federal Regulations. The bureau may adopt regulations it deems necessary to implement those standards.

(b) All other bedding products that the bureau determines contribute to mattress bedding fires shall comply with regulations adopted by the bureau specifying that those products be resistant to open-flame ignition.

(c) All seating furniture sold or offered for sale by an importer, manufacturer, or wholesaler for use in this state, including any seating furniture sold to or offered for sale for use in a hotel, motel, or other place of public accommodation in this state, and upholstered furniture to which filling materials are added, shall be fire retardant and shall be labeled in a manner specified by the bureau. This does not include furniture used exclusively for the purpose of physical fitness and exercise.
(d) Regulations adopted by the bureau for other bedding products shall not apply to any hotel, motel, bed and breakfast, inn, or similar transient lodging establishment that has an automatic fire extinguishing system that conforms to the specifications established in Section 904.1 of Title 24 of the California Code of Regulations.
(e) This section shall become operative on July 1, 2007.

19161.3. All flexible polyurethane foam in the form of slabs, blocks, or sheets, or which is shredded (loose or packaged), except polyurethane foam sold for use as carpet underlayment and polyurethane foam which cannot reasonably be expected to be used in or as an article of furniture or a mattress, that is offered for sale to the general public at retail outlets in this state for noncommercial or nonmanufacturing purposes, shall be fire retardant. "Fire retardant" as used in this section, means a product that meets the regulations adopted by the bureau.

19161.5. The chief of the bureau, subject to the approval of the Director of Consumer Affairs, may in his or her discretion exempt items of upholstered furniture which are deemed not to pose a serious fire hazard from the fire retardant requirements of Section 19161.

19162. A custom upholsterer shall give to his or her customer a written estimate of the price of the labor and materials necessary for a specific job. No work shall be performed and no charges shall accrue before authorization to proceed is obtained from the customer, and no charge shall be made for work performed or materials supplied in excess of the estimated price without the oral or written consent of the customer obtained after it is determined that the estimated price is insufficient and before the work not estimated is performed or the materials not estimated are supplied. Nothing in this section shall be construed as requiring a custom upholsterer to give an estimate if he or she does not agree to perform the requested work. As used in this section, "materials" includes structural units, filling materials, containers, and coverings. This section shall not prohibit the use of a written estimate in an electronic format.

19163. All work to be performed by a custom upholsterer shall be recorded on a work order containing information required by rules and regulations adopted by the bureau and shall describe all work to be performed, all materials to be supplied, and the period within which the estimate shall remain effective. If any secondhand materials are to be supplied, the work order shall clearly identify them as secondhand. No work shall be performed and no charges shall accrue before authorization for the work and materials is obtained from the customer, and no charge shall be made for work performed or materials supplied different from those specified in the work order without the oral or written consent of the customer. One copy of the work order shall be given to the customer before any work is performed and one copy shall be retained by the custom upholsterer for at least one year. As used in this section, "materials" includes structural units, filling materials, containers, and coverings. If a copy of the work order is provided to the customer in an electronic format, an electronic copy of the work order shall be retained by the service dealer for the same retention period.

19164. The bureau may, by regulation, establish insulation material standards governing the quality of all insulation material sold or installed within this state, including those properties that affect the safety and thermal performance of insulation material during application and in the use intended. The standards shall specify the initial performance of the insulation material and the performance expected during the design life of the insulation material. Until the bureau has adopted these regulations, the regulations of the State Energy Resources Conservation and Development Commission in effect on the effective date of this section relating to those standards shall remain in full force and effect. However, wherever those regulations specify that the commission shall perform an act, the bureau instead shall perform the act.

Prior to establishing the standards and procedures required by this chapter, the bureau shall conduct at least two public hearings, and shall invite the State Energy Resources Conservation and Development Commission, the State Fire Marshal, manufacturers, distributors, and licensed installers of insulation materials, and appropriate members of the public to participate in the hearings. Immediately upon adoption of the standards and procedures, the bureau shall provide a copy of the standards to the State Energy Resources Conservation and Development Commission, and the Contractors' State License Board. Within 30 days after receipt of the bureau's standards, the Contractors' State License Board shall notify all state licensed contractors who install insulation of the standards.
Insulation standards adopted by the bureau, pursuant to this section, and by the State Energy Resources Conservation and Development Commission, pursuant to Section 25402 of the Public Resources Code, which are building standards, as defined in Section 25488.5 of the Public Resources Code, shall be submitted to the California Building Standards Commission for approval pursuant to, and are governed by, the California Building Standards Law, (Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code). The building standards adopted by the bureau and published in the California Building Standards Code shall comply with, and be enforced as provided in, this section.

19165. Insulation material may only be sold or installed in the state which has been certified by the manufacturer to have been tested in accordance with standards adopted by the bureau and which bears a visible bureau approved statement by the manufacturer certifying that the insulation material meets those standards and has been tested and approved by an approved testing laboratory. The testing criteria shall be designed to determine whether insulation materials have met or exceeded minimum established standards. The bureau shall publish and periodically update a directory of certified insulation, including the R-value. The bureau shall charge a fee of fifty dollars ($50) annually, for each certified product listed in the directory up to a maximum of five thousand dollars ($5,000) per manufacturer.

Within 180 days after the date of adoption of those standards, each manufacturer of insulation material shall develop and implement a quality assurance program. Each manufacturer shall keep a record of any testing performed pursuant to the program for a period of three years after it is performed.

**Article 8.**

(b) Individuals who, in their own homes and without the employment of any other person, make, sell, advertise, or contract to make pillows, quilts, quilted pads, or comforters are exempt from the fee requirements imposed by subdivision (a). However, these individuals shall comply with all other provisions of this chapter.

(c) Retailers who only sell "used" and "antique" furniture as defined in Sections 19008.1 and 19008.2 are exempt from the fee requirements imposed by subdivision (a). Those retailers are also exempt from the other provisions of this chapter.

(d) A person who makes, sells, or advertises upholstered furniture and bedding as defined in Sections 19006 and 19007, and who also makes, sells, or advertises furniture used exclusively for the purpose of physical fitness and exercise, shall comply with the fee requirements imposed by subdivision (a).

(e) A person who has paid the required fee and who is licensed either as an upholstered furniture and bedding manufacturer or a custom upholsterer under this chapter shall not be required to additionally pay the fee for a sanitizer’s license.
19170.3. The annual fee for an insulation manufacturing license shall be fixed by the bureau in an amount not less than one thousand eight hundred fifty dollars ($1,850) but not more than two thousand five hundred dollars ($2,500).

19170.5. (a) Except as provided in Section 19170.3, licenses issued under this chapter expire two years from the date of issuance. To renew his or her license, a licensee shall, on or before the date on which it would otherwise expire, apply for renewal on a form prescribed by the chief, and pay the fees prescribed by Sections 19170 and Section 19213.1. If a licensee fails to renew his or her license before its expiration, a delinquency fee of 20 percent, but not more than one hundred dollars ($100), notwithstanding the provisions of Section 163.5, shall be added to the renewal fee. If the renewal fee and delinquency fee are not paid within 90 days after expiration of a license, the licensee shall be assessed an additional penalty fee of 30 percent of the renewal fee.
(b) Except as otherwise provided in this chapter, a licensee may renew an expired license within six years after expiration of the license by filing an application for renewal on a form prescribed by the bureau, and paying all accrued renewal, delinquent, and penalty fees.
(c) A license that is not renewed within six years of its expiration shall not be renewed, restored, reinstated, or reissued, but the holder of the license may apply for and obtain a new license if both of the following requirements are satisfied:
   (1) No fact, circumstance, or condition exists which would justify denial of licensure under Section 480.
   (2) The licensee pays all renewal, delinquency, and penalty fees that have accrued since the date on which the license was last renewed.
(d) The bureau may impose conditions on any license issued pursuant to subdivision (c).

19172. A person may not obtain a new license of the same class as the license held during the last preceding license period, but may renew the license previously held by him or her on payment of the renewal fee and delinquency fee in effect on the last regular renewal date before the date on which he or she applies for renewal provided the license has not been canceled in accordance with Section 19170.5.

19173.5. Section 11002 of the Government Code authorizes the use of the United States postal cancellation on the envelope in which the fee is mailed, as the date of payment.

19174. All fees collected under this chapter shall be reported to the Controller and paid to the Treasurer and credited to the Home Furnishings and Thermal Insulation Fund, to be expended only for the purposes of the bureau and in carrying out this chapter.

**Article 9. Enforcement**

19200. The chief or any inspector shall have access to the premises, equipment, materials, partly finished and finished articles and records of any person subject to the provisions of this chapter.

19200.5. (a) The chief or any inspector may open any articles of upholstered furniture or bedding, including pillows or cushions belonging to or forming a part thereof, or insulation for the purpose of inspecting concealed filling material and may take either the entire article, or samples of filling material or insulation in such quantities as may be necessary for analysis.
(b) The bureau shall reimburse the manufacturer, distributor, or retailer for the actual cost of any article or sample of filling material or insulation taken for analysis under subdivision (a) unless the article or sample is found to be in violation of this chapter or any regulation adopted by the bureau.

19201. The chief or any inspector may determine the fitness of any secondhand or damaged article of bedding or filling material, for sanitization and sale.

19202. The bureau may condemn, withhold from sale, seize, or destroy any upholstered furniture or bedding or any filling material or insulation which is found to be in violation of this chapter.

19203. The tag to be affixed to any article of condemned upholstered furniture or bedding, or any material or insulation, by an inspector shall be a red tag and shall contain such information as may be required by the chief.
19204. Every person who removes, or causes to be removed, any tag or device placed upon any upholstered furniture or bedding or any material or insulation, by an inspector is guilty of a violation of this chapter.

19205. The failure of any person to produce upon demand of an inspector any article that has been condemned and ordered held on a notice of violation signed by such person, or a notice of violation that the person has refused to sign, is a violation of this chapter.

19206. No person shall interfere with, obstruct or otherwise hinder any inspector of the bureau or of the department's Division of Investigation in the performance of his or her duties.

19207. Any inspector having knowledge of a violation of any of the provisions of this chapter shall notify the chief of the violation.

19208. The chief or his or her authorized designee may cite any person licensed under and subject to the provisions of this chapter to participate in an office conference before the chief to show cause why he or she should not be subject to any or a range of disciplinary actions or to prosecution for any violation of this chapter.

19209. Except as otherwise required to comply with the provisions of Article 9.5 of this chapter, the proceedings in any hearing or disciplinary action under this chapter shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code.

19210. After a hearing, a license may be suspended, revoked, reprimanded, or placed on probation for a violation of any of the provisions of this chapter or of the rules and regulations of the bureau, or for a violation of Article 1 (commencing with Section 17500) of Chapter 1 of Part 3 of Division 7 of the Business and Professions Code, relating to false or misleading advertising; provided, however, that the license of a wholesaler or retailer shall not be suspended in the absence of a finding that the wholesaler or retailer knowingly offered for sale or sold articles not conforming to the requirements of this chapter or the rules and regulations of the bureau.

In any order of suspension or revocation, the bureau may impose conditions relative to the disposition of articles not conforming to the requirements of this chapter or the rules and regulations of the bureau, or may impose conditions relative to the completion or fulfillment of any orders or contracts entered into prior to the date of the hearing.

19211. Any person who has been denied a license, or who has had his or her license revoked, or whose license is under suspension, or who has failed to renew his or her license while it was under suspension, or any person who has been a member of any partnership, or an officer or director of any corporation, or an officer or person acting in a managerial capacity of any firm or association, whose license has been revoked, or whose license is under suspension, or who has failed to renew a license while it was under suspension, and while acting as a member, officer, director, or person acting in a managerial capacity, participated in any of the prohibited acts for which the license was suspended, or revoked, shall be prohibited from serving as a member of any licensed partnership, or as an officer or director of any licensed corporation, or as an officer or person acting in a managerial capacity of any licensed firm or association, and the employment, election, or association of a person in this capacity by a licensee shall constitute grounds for disciplinary action against the licensee.

19212. The performance by any partnership, corporation, firm, or association of any act or omission constituting a cause for disciplinary action, likewise constitutes a cause for disciplinary action against any licensee who is a member of any such partnership, or an officer or director of any such corporation, or an officer or person acting in a managerial capacity of any such firm or association, if such licensee participated in such prohibited act or omission.

19213. The bureau may monitor compliance with all insulation standards, including those adopted by the Energy Resources Conservation and Development Commission, pursuant to Section 25402 of the Public Resources Code, by conducting periodic inspections with its own personnel, or by requiring inspections conducted by an approved independent third party laboratory, of manufacturers, distributors, or retailers of insulation material sold within the state in order to determine their compliance with this article. The bureau shall annually test all categories of insulation products for which standards have been adopted. The bureau may require those manufacturers,
distributors, or retailers that are inspected and found not in compliance with this article, or any regulation implementing it, to pay such reasonable fees as are necessary to cover the costs of inspections and testing necessary to investigate and enforce compliance by those manufacturers, distributors, and retailers. Fees shall be fixed in an amount not more than the cost of testing and inspection with a minimum fee of two hundred dollars ($200) for each test or inspection. The bureau may also conduct, or contract with approved independent third party laboratories to conduct, independent performance tests of insulation materials sold in the state, in order to determine compliance with its adopted standards. Where a fee is not paid, the full amount of the assessed fee shall be added to the fee for the renewal of a license. A license shall not be renewed without payment of the renewal fee and all fees for testing and inspection.

19213.1. The bureau may require a licensee who sells or manufactures furniture and bedding products that are inspected and found not to be in compliance with this chapter, or any regulation implementing it, to pay those reasonable fees as are necessary to cover the costs of inspections and testing necessary to investigate and enforce compliance by those licenses. Fees shall be fixed in an amount not more than the cost of testing and inspection except that the minimum fee shall be two hundred dollars ($200) for each test or inspection. The range of fees for testing or inspection shall be fixed by the bureau in an amount not less than two hundred dollars ($200) and not more than five hundred dollars ($500) for each test or inspection. Where a fee is not paid, the full amount of the assessed fee shall be added to the fee for the renewal of a license. A license shall not be renewed without payment of the renewal fee and all fees for testing and inspection.

19214. Any person who violates or proposes to violate any provision of this chapter relating to insulation standards may be enjoined by any court of competent jurisdiction. The court may make such orders or judgments, including the appointment of a receiver, as may be necessary to prevent the use or employment by any person of any practices which violate this chapter, or which may be necessary to restore to any person in interest any money or property, real or personal, which may have been acquired by means of any practice which violates any provision of this chapter.

Actions for injunction under this section may be prosecuted by the Attorney General or any district attorney, county counsel, city attorney, or city prosecutor in this state in the name of the people of the State of California upon his or her own motion or upon the complaint of any board, officer, person, corporation, association, or by any person acting for the interests of itself, its members, or the general public.

(a) A person who violates any provision of this chapter shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General or by any district attorney, county counsel, city attorney, or city prosecutor in any court of competent jurisdiction. The unit for a separate and distinct offense regarding insulation in violation of this chapter is each and every bag, bale, package, roll, or other container sold, offered for sale, or possessed with intent to sell or install contrary to the provisions of this chapter.

(b) If the action is brought by the Attorney General, one-half of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered, and one-half to the Treasurer. If brought by a district attorney or county counsel, the entire amount of penalty collected shall be paid to the treasurer of the county in which the judgment was entered. If brought by a city attorney or city prosecutor, one-half of the penalty shall be paid to the treasurer of the county and one-half to the city.

(c) If the action is brought at the request of the bureau, the court shall determine the reasonable expenses incurred by the bureau in the investigation and prosecution of the action.

Before any penalty collected is paid out pursuant to subdivision (b), the amount of the reasonable expenses incurred by the bureau shall be paid to the Treasurer.

Article 9.5.
Disciplinary Proceedings Against Nonresidents

19215. As used in this article, unless otherwise indicated, "director" means the Director of the Office of Administrative Hearings.
19215.1. The acceptance by a nonresident licensee of any of the rights and privileges conferred upon him or her by this chapter, as evidenced by his or her engaging within this state, either personally or through an agent or employee, in a business subject to license under this chapter, is equivalent to the appointment by the licensee of the director as his or her true and lawful attorney upon whom may be served all lawful process in any disciplinary proceeding conducted against him or her under this chapter.

19215.2. The acceptance of such rights and privileges as so evidenced shall signify the agreement of the licensee that any such process which is served against him or her in the manner provided in this article shall be of the same legal force and validity as if served upon him or her personally in this state.

19215.3. Service shall be made by leaving a copy of the accusation, together with a notice of defense and statement to respondent as described in Section 11505 of the Government Code, with a fee of two dollars ($2) for each licensee to be served, in the hands of the director or in his or her office in Sacramento. This service shall be sufficient service on the licensee subject to compliance with Section 19215.4 of this code.

19215.4. A notice of such service and a copy of the accusation, together with the notice of defense and statement to respondent, shall forthwith be sent by registered mail by the director to the licensee at his or her last known address as furnished by the bureau. Personal service of this notice, copy of the accusation, notice of defense, and statement to respondent upon the licensee wherever found outside this state shall be the equivalent of this mailing.

19215.5. Proof of compliance with Section 19215.4 shall be made in the event of service by mail by affidavit of the director or his or her authorized employee showing this service by mailing, together with the return receipt of the United States post office bearing the signature of the licensee or his or her agent. The affidavit and receipt shall be appended to the original accusation on file with the bureau. In the event of personal service outside this state, compliance may be proved by the return of any duly constituted public officer qualified to serve process in civil actions in the state or jurisdiction where the licensee is found, showing such service to have been made. This return shall be appended to the original accusation on file with the bureau.

19215.6. The bureau, or if the proceeding has been assigned to a hearing officer of the Office of Administrative Hearings, the hearing officer, may order postponements or continuances and grant extensions of time that may be necessary to afford the licensee reasonable opportunity to defend the proceeding. In no event shall the licensee have less than 30 days after the date of mailing or delivery to him or her of the copy of the accusation in which to file a notice of defense, nor shall the notice of hearing provided for in Section 11509 of the Government Code or the notice and copy of affidavit referred to in Section 11514 of the Government Code be mailed or delivered less than 20 days prior to the date of hearing, and the time for making a request to cross-examine under Section 11514 of the Government Code shall be not less than 15 days.

19215.7. The director shall keep a record of all process served upon him or her pursuant to this article that shall show the day and hour of service.

19215.8. As used in this article "nonresident" means a person who is not a resident of this State at the time he or she engages in business in the State as described in Section 19215.1.

**Article 10. Penalties**

19220. Every person who violates any of the provisions of this chapter is guilty of a misdemeanor and punishable for each offense by a fine of not less than five hundred dollars ($500) nor more than one thousand five hundred dollars ($1,500) or by imprisonment for not less than three nor more than six months or by both such fine and imprisonment.

19221. The unit for a separate and distinct offense in violation of this chapter is each and every article of improperly labeled, or not labeled, upholstered furniture or bedding or filling material made, repaired, recovered, renovated, sanitized, sold, exposed or offered for sale, delivered, consigned, rented, or possessed with intent to sell contrary to the provisions of this chapter.
17500. It is unlawful for any person, firm, corporation or association, or any employee thereof with intent directly or indirectly to dispose of real or personal property or to perform services, professional or otherwise, or anything of any nature whatsoever or to induce the public to enter into any obligation relating thereto, to make or disseminate or cause to be made or disseminated before the public in this state, or to make or disseminate or cause to be made or disseminated from this state before the public in any state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatever, including over the Internet, any statement, concerning that real or personal property or those services, professional or otherwise, or concerning any circumstance or matter of fact connected with the proposed performance or disposition thereof, which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading, or for any person, firm, or corporation to so make or disseminate or cause to be so made or disseminated any such statement as part of a plan or scheme with the intent not to sell that personal property or those services, professional or otherwise, so advertised at the price stated therein, or as so advertised. Any violation of the provisions of this section is a misdemeanor punishable by imprisonment in the county jail not exceeding six months, or by a fine not exceeding two thousand five hundred dollars ($2,500), or by both that imprisonment and fine.

17500.1. Notwithstanding any other provision of law, no trade or professional association, or state agency, state board, or state commission within the Department of Consumer Affairs shall enact any rule, regulation, or code of professional ethics which shall restrict or prohibit advertising by any commercial or professional person, firm, partnership or corporation which does not violate the provisions of Section 17500 of the Business and Professions Code, or which is not prohibited by other provisions of law. The provisions of this section shall not apply to any rules or regulations heretofore or hereafter formulated pursuant to Section 6076.

17500.3. (a) It is unlawful for any person to solicit a sale or order for sale of goods or services at the residence of a prospective buyer, in person or by means of telephone, without clearly, affirmatively and expressly revealing at the time the person initially contacts the prospective buyer, and before making any other statement, except a greeting, or asking the prospective buyer any other questions, that the purpose of the contact is to effect a sale, by doing all of the following:

(1) Stating the identity of the person making the solicitation.
(2) Stating the trade name of the person represented by the person making the solicitation.
(3) Stating the kind of goods or services being offered for sale.
(4) And, in the case of an "in person" contact, the person making the solicitation shall, in addition to meeting the requirements of paragraphs (1), (2) and (3), show or display identification which states the information required by paragraphs (1) and (2) as well as the address of the place of business of one of such persons so identified.

(b) It is unlawful for any person, in soliciting a sale or order for the sale of goods or services at the residence of a prospective buyer, in person or by telephone, to use any plan, scheme, or ruse which misrepresents his true status or mission for the purpose of making such sale or order for the sale of goods or services.

(c) In addition to any other penalties or remedies applicable to violations of this section, the intentional violation of this section shall entitle persons bound to a contract, when there was a sales approach or presentation or both in which such intentional violation of this section took place, to damages of two times the amount of the sale price or up to two hundred fifty dollars ($250), whichever is greater, but in no case shall such damages be less than fifty dollars ($50); provided, however, that as a condition precedent to instituting such action hereunder against the person represented by the person making the solicitation, the aggrieved party shall, in writing, demand that the person represented by the solicitor terminate such contract and return any and all payments made thereunder, and that the person represented by the solicitor shall have refused within a reasonable time, such termination and return. If the person represented by the person making the solicitation elects to terminate, he shall return to the aggrieved party payments received for any and all goods, and for services not rendered, and upon return of such payments, the aggrieved party shall return any and all goods received under the contract. For the purposes of this section, a reasonable time shall mean 20 business days from the date of demand. This subdivision shall not apply to a cause of action commenced under any other provision of law, including, but not limited to, a cause of action commenced pursuant to Section 382 of the Code of Civil Procedure or Section 1781 of the Civil Code.
Any rights under this subdivision shall be waived if subsequent to the signing of the contract the party bound by the contract states that identification, as required by this section, was given.

(d) Persons represented by the person making the solicitation shall keep and maintain copies of all demands for termination for violation of this section for a period of one year from date of receipt. Failure to maintain such records shall create a presumption affecting the burden of proof that demand for termination had been properly made.

(e) Where any provision of law provides a penalty for the violation of any offense specified in this section, it shall be a defense to the imposition of such penalty as to any defendant who did not commit the act or acts constituting the offense that such defendant did not know, and with the exercise of reasonable care could not have known, that the act was committed, which constitutes the violation of this section.

(f) As used in this section "person" includes any individual, firm, partnership, corporation, association or other organization, but does not include any nonprofit charitable organization, or any person selling any intangibles, or any items defined in Section 1590(a)(1), of Title 18 of the California Administrative Code as it read on July 15, 1972.

(g) This section shall not prohibit nor authorize the enactment by the governing body of any city, county, or city and county, of ordinances relating to home solicitations which are more restrictive of such solicitation than the provisions of this section.

17500.5. (a) It is unlawful for any person, firm, corporation or association to falsely represent by advertisement the quantity of any article so advertised that will be sold to any one customer on his demand in a single transaction, and willfully or negligently to fail to include in such advertisement a statement that any restriction that is in fact put upon the quantity of any article so advertised that is sold or offered for sale to any one customer on his demand in a single transaction.

(b) Any person, firm, corporation, or association who, by means of such false or negligent advertisement or publicity, induces any individual retail purchaser and consumer to enter any place of business designated therein seeking to buy any article so advertised or publicized, and then refuses to sell to such person the article at the price advertised in any quantity then available for sale on said premises, shall be liable to each person so induced and refused, for the losses and expenses thereby incurred, and the sum of fifty dollars ($50) in addition thereto.

(c) Nothing in this section shall affect any right a seller may have to refuse to extend credit to a customer, and this section shall not be applicable to a customer purchasing for resale.

(d) The provisions of subdivision (b) are applicable only to actions brought in the name of, and on behalf of, a single plaintiff and shall not be applicable in multiple plaintiff or class actions.

17501. For the purpose of this article the worth or value of anything advertised is the prevailing market price, wholesale if the offer is at wholesale, retail if the offer is at retail, at the time of publication of such advertisement in the locality wherein the advertisement is published. No price shall be advertised as a former price of any advertised thing, unless the alleged former price was the prevailing market price as above defined within three months next immediately preceding the publication of the advertisement or unless the date when the alleged former price did prevail is clearly, exactly and conspicuously stated in the advertisement.

17502. This article does not apply to any visual or sound radio broadcasting station, to any internet service provider or commercial online service, or to any publisher of a newspaper, magazine, or other publication, who broadcasts or publishes, including over the Internet, an advertisement in good faith, without knowledge of its false, deceptive, or misleading character.

17504. (a) Any person, partnership, corporation, firm, joint stock company, association, or organization engaged in business in this state as a retail seller who sells any consumer good or service which is sold only in multiple units and which is advertised by price shall advertise those goods or services at the price of the minimum multiple unit in which they are offered.

(b) Nothing contained in subdivision (a) shall prohibit a retail seller from advertising any consumer good or service for sale at a single unit price where the goods or services are sold only in multiple units and not in single units as long as the advertisement also discloses, at least as prominently, the price of the minimum multiple unit in which they are offered.

(c) For purposes of subdivisions (a) and (b), "consumer good" means any article which is used or bought for use primarily for personal, family, or household purposes, but does not include any food item.
(d) For the purposes of subdivisions (a) and (b), "consumer service" means any service which is obtained for use primarily for personal, family, or household purposes.

(e) For purposes of subdivisions (a) and (b), "retail seller" means an individual, firm, partnership, corporation, joint stock company, association, organization, or other legal relationship which engages in the business of selling consumer goods or services to retail buyers.

17505. No person shall state, in an advertisement of his goods, that he is a producer, manufacturer, processor, wholesaler, or importer, or that he owns or controls a factory or other source or supply of goods when such is not the fact, and no person shall in any other manner misrepresent the character, extent, volume, or type of his business.

17506. As used in this chapter, "person" includes any individual, partnership, firm, association, or corporation.

17506.5. As used in this chapter:
(a) "Board within the Department of Consumer Affairs" includes any commission, bureau, division, or other similarly constituted agency within the Department of Consumer Affairs.
(b) "Local consumer affairs agency" means and includes any city or county body which primarily provides consumer protection services.

17507. It is unlawful for any person, firm, corporation or association to make an advertising claim or representation pertaining to more than one article of merchandise or type of service, within the same class of merchandise or service, if any price set forth in such claim or representation does not clearly and conspicuously identify the article of merchandise or type of service to which it relates. Disclosure of the relationship between the price and particular article of merchandise or type of service by means of an asterisk or other symbol, and corresponding footnote, does not meet the requirement of clear and conspicuous identification when the particular article of merchandise or type of service is not represented pictorially.

17508. (a) It shall be unlawful for any person doing business in California and advertising to consumers in California to make any false or misleading advertising claim, including claims that (1) purport to be based on factual, objective, or clinical evidence, (2) compare the product's effectiveness or safety to that of other brands or products, or (3) purport to be based on any fact.
(b) Upon written request of the Director of Consumer Affairs, the Attorney General, any city attorney, or any district attorney, any person doing business in California and in whose behalf advertising claims are made to consumers in California, including claims that (1) purport to be based on factual, objective, or clinical evidence, (2) compare the product's effectiveness or safety to that of other brands or products, or (3) purport to be based on any fact, shall provide to the department or official making the request evidence of the facts on which the advertising claims are based. The request shall be made within one year of the last day on which the advertising claims were made. Any city attorney or district attorney who makes a request pursuant to this subdivision shall give prior notice of the request to the Attorney General.
(c) The Director of Consumer Affairs, Attorney General, any city attorney, or any district attorney may, upon failure of an advertiser to respond by adequately substantiating the claim within a reasonable time, or if the Director of Consumer Affairs, Attorney General, city attorney, or district attorney shall have reason to believe that the advertising claim is false or misleading, do either or both of the following:
   (1) Seek an immediate termination or modification of the claim by the person in accordance with Section 17535.
   (2) Disseminate information, taking due care to protect legitimate trade secrets, concerning the veracity of the claims or why the claims are misleading to the consumers of this state.
(d) The relief provided for in subdivision (c) is in addition to any other relief that may be sought for a violation of this chapter. Section 17534 shall not apply to violations of this section.
(e) Nothing in this section shall be construed to hold any newspaper publisher or radio or television broadcaster liable for publishing or broadcasting any advertising claims referred to in subdivision (a), unless the publisher or broadcaster is the person making the claims.
(f) The plaintiff shall have the burden of proof in establishing any violation of this section.
(g) If an advertisement is in violation of subdivision (a) and Section 17500, the court shall not impose a separate civil penalty pursuant to Section 17536 for the violation of subdivision (a) and the violation of Section 17500 but shall impose a civil penalty for the violation of either subdivision (a) or Section 17500.
17509. (a) Any advertisement, including any advertisement over the Internet, soliciting the purchase or lease of a
product or service, or any combination thereof, that requires, as a condition of sale, the purchase or lease of a
different product or service, or any combination thereof, shall conspicuously disclose in the advertisement the price
of all those products or services. This requirement shall not in any way affect the provisions of Sections 16726 and
16727, with respect to unlawful buying arrangements.

(b) Subdivision (a) does not apply to any of the following:

(1) Contractual plans or arrangements complying with this paragraph under which the seller periodically
provides the consumer with a form or announcement card which the consumer may use to instruct the seller not to
ship the offered merchandise. Any instructions not to ship merchandise included on the form or card shall be printed
in type as large as all other instructions and terms stated on the form or card. The form or card shall specify a date by
which it shall be mailed by the consumer (the "mailing date") or received by the seller (the "return date") to prevent
shipment of the offered merchandise. The seller shall mail the form or card either at least 25 days prior to the return
date or at least 20 days prior to the mailing date, or provide a mailing date of at least 10 days after receipt by the
consumer, except that whichever system the seller chooses for mailing the form or card, shall be calculated to afford
the consumer at least 10 days in which to mail his or her form or card. The form or card shall be preaddressed to the
seller so that it may serve as a postal reply card or, alternatively, the form or card shall be accompanied by a return
envelope addressed to seller. Upon the membership contract or application form or on the same page and
immediately adjacent to the contract or form, and in clear and conspicuous language, there shall be disclosed the
material terms of the plan or arrangement including all of the following:

(A) That aspect of the plan under which the subscriber shall notify the seller, in the manner provided for by
the seller, if seller does not wish to purchase or receive the selection.

(B) Any obligation assumed by the subscriber to purchase a minimum quantity of merchandise.

(C) The right of a contract-complete subscriber to cancel his or her membership at any time.

(D) Whether billing charges will include an amount for postage and handling.

(2) Other contractual plans or arrangements not covered under subdivision (a), such as continuity plans,
subscription arrangements, standing order arrangements, supplements, and series arrangements under which the
seller periodically ships merchandise to a consumer who has consented in advance to receive that merchandise on a
periodic basis.

(c) This section shall not apply to the publisher of any newspaper, periodical, or other publication, or any radio or
television broadcaster, or the owner or operator of any cable, satellite, or other medium of communication who
broadcasts or publishes, including over the Internet, an advertisement or offer in good faith, without knowledge of its
violation of subdivision (a).

Article 10
False or Misleading Advertising

1300. Application of Article.
For the purposes of Sections 19150 and 19210 of the act, false or misleading advertising includes but is not limited to advertising, within the meaning of Section 17500 et seq. of the Business and Professions Code, which violates any provision of this article.

1300.1. Misleading, Defined.
In determining whether advertising is false or misleading it shall be considered in its entirety and as it would be read by the persons to whom it is designed to appeal. It shall be considered to be misleading if it tends to deceive the public or impose upon credulous or ignorant persons.

1301. Former Price, Defined.
The term "former price" as used in Section 17501 of the Business and Professions Code and in this article includes but is not limited to the following words and phrases when used in connection with advertised prices; "formerly-," "regularly-," "usually-," "originally-," "reduced from________," "was________now________," "________% off."

1302. Former Price of Same Article.
(a) No price, whether expressed in words, phrases, price figures, symbols, fractions, percentages, or otherwise, shall be advertised as the former price of an article unless such advertised former price applies to the article advertised.
(b) Except as provided in subdivision (c) of this section, the advertised former price must be the prevailing market price of the article in the locality wherein the advertisement is published, within three months immediately preceding the publication of the advertisement.
(c) If the advertised former price exceeds the three months' period as set forth in subdivision (b) above, the date when such former price did prevail must be clearly, exactly and conspicuously stated in the advertisement.

1304. Bait and Switch Advertising.
The term "Bait and Switch Advertising" means an alluring but insincere offer to sell a product or service which the advertiser in truth does not intend or want to sell. The purpose thereof is to switch consumers from buying the advertised merchandise, in order to sell something else, usually at a higher price or on a basis more advantageous to the advertiser. Bait and switch advertising of any article subject to the provisions of the Home Furnishings Act shall be deemed to be false and misleading. Practices which shall be considered as evidence of unlawful bait and switch advertising include but are not limited to the following:
(a) Refusal to show the product advertised;
(b) Disparagement in any respect of the advertised product or the terms of sale;
(c) Failure to have available at all outlets listed in the advertisement sufficient quantities of the product to meet reasonable anticipated demands;
(d) Refusal to take orders for the advertised merchandise for delivery within a reasonable period;
(e) Showing or demonstrating a defective product unusable or impractical for the purposes implied in the advertisement;
(f) Accepting a deposit for the product and then switching the purchaser to a higher priced item;
(g) Failure to make deliveries within a reasonable time or to make a refund.

1305. Special Sale.
No advertisement shall represent that because of an unusual business event in the course of business or unusual manner of doing business or for any other reason an article is offered for sale at a savings in price unless such advertisement is in all respects true and not misleading. If an advertisement represents that the sale is being held for reasons relating to transactions which have already occurred or orders which have already been placed, the articles offered at sale prices are restricted to those articles on the premises, in the warehouse or in process from previous orders the date the sale is announced. Sales of this type include, but are not limited to, liquidation sales, inventory sales and overstock sales.

1306. Purchase of Additional Merchandise.
No advertisement shall represent that an article is offered for sale at a saving when the offer is conditioned upon the purchase of additional merchandise unless: (1) the terms and conditions imposed are clearly and correctly disclosed in immediate conjunction with the offer, and (2) the price charged for the additional merchandise required to be purchased is not more than the prevailing market price for the merchandise.

1307. **Pre-Ticketing.**
No article shall be advertised by means of a "pre-ticketed" price, whether such price is used alone or in conjunction with descriptive terminology and whether such price appears on tags or labels affixed to the article, or in material such as display cards which are used with the article at the point of sale, or otherwise. A "pre-ticketed price," as used in this section, is a price which is in excess of the prevailing market price of the article to which it refers.

1308. **Imperfects, Irregulars, Seconds or Damaged.**
No article which is imperfect, irregular, a second or damaged shall be advertised in any manner which represents, or implies that the article is free from defects or is of the same grade or quality of the article as usually and customarily offered for sale in the regular course of business.

1309. **Factory Outlet.**
"Factory Outlet," "Factory Store," "Factory Showroom," or terms of similar import mean an establishment other than the factory where articles manufactured by the factory are sold; such terms shall not be used in any advertisement, sign, or by any other device or printed material unless the establishment is owned in its entirety by the factory and the factory is responsible for its operation, function, and pay of the employees and unless a minimum of 51 percent in dollar volume of the articles of furniture and bedding sold or offered for sale are manufactured by the factory.

1309.1. **Factory Sales.**
The term "Factory Sale" or terms of similar import shall not be used in any advertisement unless such advertisement is in connection with a sale of articles held in an establishment appropriated to the manufacture of those articles, or in connection with a sale conducted by an establishment as defined in Section 1309 of these regulations.

1309.2. **Factory Direct.**
"Factory Direct," "Factory to You," "Manufacturer to You," "Direct to You" and terms of similar import mean the sale of articles direct from the factory to the consumer; such terms shall not be used in any advertisement unless the transaction is between the two parties, billing of the articles is made by the factory direct to the consumer, and payment is made by the consumer direct to the factory.

1310. **Custom Made.**
No article shall be advertised by means of the terms "custom made," "custom-built," "custom-grade," "made-to-order," or any term of similar import, unless the article has been or will be made to the order and specifications of a particular ultimate user. An article does not meet the requirements of this section merely because the customer has a choice of coverings.

1311. **Labor Free.**
No advertisement shall represent or imply by means of the term "Labor Free" or any term of similar import that services with respect to an article will be performed without charge when a charge is made for such services in any manner whatever, including but not limited to an increase in the usual charge for the article or any of the material used.

1312. **Liquidation.**
No advertisement shall represent or imply, by means of the term "Going Out of Business," "Selling Out," "Closing Out," "Liquidating," or any term of similar import, that the advertiser is going out of business, or is disposing of all or a portion of a stock of merchandise, unless such representation is true and is not in any respect misleading as to the advertiser's discontinuing business or as to the types and quantity of merchandise intended to be included, and unless the articles offered for sale, and to be sold, during the sale are restricted to those articles on the premises or in transit from previous orders the date the sale is announced. A mere change of business location, business name or type of business entity does not constitute going out of business within the meaning of this section.

1313. **Guarantees and Warranties.**
For the purpose of the Home Furnishings Act and of these regulations, the terms "guarantee" and "warranty" have like meanings. No advertisement shall contain any false or misleading representation concerning the nature, extent, duration, terms or cost of a guarantee of an article subject to the provisions of the Home Furnishings Act.

1314. **Disclosure of Guarantee.**
All guarantees shall be in writing and shall be displayed or a copy thereof delivered to the customer prior to the sale of any article of furniture or bedding represented to be covered by a guarantee. A guarantee shall be deemed false and misleading unless it conspicuously and clearly discloses in writing the following:

(a) The nature and extent of the guarantee including a description of all parts, characteristics or properties covered by or excluded from the guarantee, the duration of the guarantee, and what must be done by a claimant before the guarantor will fulfill his obligation (such as returning the product and paying service or labor charges).

(b) The manner in which the guarantor will perform. The guarantee shall state all conditions and limitations, and exactly what the guarantor will do under the guarantee, such as repair, replacement or refund. If the guarantor or recipient of the guarantee has an option as to what may satisfy the guarantee, this must be clearly stated.

(c) The guarantor's identity and address shall be clearly revealed in any documents evidencing the guarantee.

1315. **Pro-Rata Guarantee.**
Any guarantee or any advertisement of a guarantee which provides for adjustment on a pro-rata basis shall be deemed false and misleading unless the guarantee and/or the advertisement conspicuously and clearly discloses this fact and the basis on which the guarantee will be prorated, e.g., the time the product has been used and in what manner the guarantor will perform. If adjustments are based on a price other than that paid by the purchaser, clear disclosure must be made of the amount.

1316. Secondhand Merchandise.
No article which is secondhand, as defined in the act, shall be advertised in any manner which represents or implies that the article is new.

1383.3. Citation Factors.
In assessing an administrative fine and issuing an order of abatement, the chief shall give due consideration to the following factors:
(a) The nature and severity of the violation.
(b) The good or bad faith of the cited person.
(c) The history of previous violations.
(d) Evidence that the violation was willful.
(e) The extent to which the cited person or entity has cooperated with the bureau.
(f) The extent in which the cited person has mitigated or attempted to mitigate any loss caused by the violation.
(g) The extent of the consumer injury which is a direct and proximate result of the violation.
(h) Such other matters as justice may require.

1383.4. Failure to Comply with Order.
(a) The time allowed for the abatement of a violation shall begin the first day after the order of abatement has been served or received. If a cited person who has been issued an order of abatement is unable to complete the correction within the time set forth in the citation because of conditions beyond his or her control after the exercise of reasonable diligence, the person cited may request an extension of time from the chief in which to complete the correction. Such a request shall be in writing and shall be made within the time set forth for abatement.
(b) An order of abatement shall either be personally served or mailed by certified mail, return receipt requested.
(c) When an order of abatement is not contested or if the order is appealed and the person or entity cited does not prevail, failure to abate the violation charged within the time specified in the citation shall constitute a violation and failure to comply with the order of abatement. Failure to timely comply with an order of abatement may result in disciplinary action being taken by the bureau or other appropriate judicial relief being taken against the person cited.

1383.5. Contest of Citations.
(a) In addition to requesting a hearing provided for in subdivision (b)(4) of Section 125.9 of the Business and Professions Code, the person cited may, within ten (10) days after service of the citation, notify the chief in writing of his or her request for a citation review conference with the chief regarding the acts charged in the citation.
(b) The chief shall hold, within 30 days from the receipt of the request, a citation review conference with the person cited or his or her legal counsel or authorized representative. At the conclusion of the citation review conference the chief may affirm, modify or dismiss the citation, including any fine levied or order of abatement issued. The chief shall state in writing the reasons for his or her action and transmit a copy of his or her findings and decision to the person cited. This decision shall be deemed to be a final order with regard to the citation issued, including the fine levied and the order of abatement.
(c) The person cited does not waive his or her right to request a hearing to contest the citation by requesting a citation review conference after which the citation is affirmed by the chief. If the citation, including any fine levied or order of abatement, is modified, the citation originally issued shall be considered withdrawn and the new citation issued. If a hearing is requested for the subsequent citation, it shall be requested within 30 days in accordance with the subdivision (b)(4) of Section 125.9 of the Business and Professions Code.
1383.6. **Unlicensed Practice.**
The chief may issue citations, in accordance with Section 125.9 of the code, against any unlicensed person who is acting in the capacity of a licensee under the jurisdiction of the bureau and who is not otherwise exempt from licensure. Each citation shall contain an order of abatement fixing a reasonable period of time for abatement of a violation and may contain assessment of an administrative fine. Administrative fines shall be in a range from $100 to $2,500 for each investigation. Any sanction authorized for the activity under this section shall be separate from and in addition to any other civil or criminal remedies.
